

AMA Medical Campuses

Advantages for students:

01

Polish Medical license & opportunities to work in EU as licensed physician

Opportunities to work in Poland and other EU countries as a **licensed physician**. Receive a **stipend** during the 13-month clinical training period.

02

Students study medicine at AMA Medical campus in Poland/Ukraine

Students who study the first three years at **AMA Medical Campus** (option to join one of the prestigious AMA's partner state universities: **Kherson State University, Bukovinian State Medical University**) in Ukraine at the EU border and the last three years of studies at the **AMA Polish Campus** to obtain a **Polish medical license** after graduation from the same university (internal transfer).

Candidates also have the option to complete all six years of medical studies at the **AMA Medical Campuses** in Ukraine. **All graduates receive medical degrees from KSU/BSMU**. To obtain a **Polish medical license**, graduates will complete **13 months of clinical training** (a monthly stipend is applicable).

AMA Medical Campuses Students` Advantages:

03

After obtaining of Polish license

candidates can also pursue their **medical specialization in Poland** or other EU countries for free and receive a monthly stipend during their specialization.

04

NO more worries about FMGE

or Indian future medical license exams after the graduation.

05

KSU/BSMU has a rich history

of more than **100 years** combined as a major European Universities (international students from **more than 40 countries are studying** at KSU/BSMU).

06

The MD program

is offered in English by **European and US professors.**

07

We offer

US and EU Integrated curriculum.

AMA Medical Campuses Students` Advantages:

08

Modern and Most Valuable e-library from Elsevier and Osmosis

A state-of-the-art and highly valuable e-library from **ELSEVIER** and **OSMOSIS** provides students with access to the latest, high-quality medical resources. No other European university offers such an advanced e-library to its students.

09

Clinical practice

will be done at **Polish hospitals**, and other options are other **European hospitals**.

10

Modern educational technologies

include **state-of-the-art educational software** to study, take exams, and do training, etc. For this purpose, each student will receive all instruments for a high-level and modern educational process.

AMA Medical Campuses Students` Advantages:

11

US medical license and work in the USA

MD program graduates also have the opportunity to take US medical license and work in the USA, as well as take a license and work in EU countries, including the UK and other EU countries.

12

2 or 4 weeks of optional study tour program

Students have the opportunity to participate in an optional **2- or 4-week study tour program**, accompanied by a faculty member, to visit teaching hospitals in one or more of the following countries: **Germany, Croatia, Ireland, the Netherlands, Italy, France, Austria, Sweden, Norway, Slovakia, Latvia, Lithuania, and Estonia**. This opportunity is available up to three times during the 2nd to 6th year of study.

13

Optional travel to USA, for Study tour

The study tours will allow the candidates to gain the appropriate **experience and knowledge** about the visiting country`s healthcare system and medical treatment methods, patient evaluation, etc (visa/ additional expenses are required).

AMA Medical Campuses Students` Advantages:

14

OSCE training stations at the medical campus

AMA Medical campus provides **OSCE training** stations at the medical campus. The OSCE would be a **part of the licensing examination process** of various national medical boards around the world. We make sure AMA Medical Campus students are **well prepared for these evaluations** by practicing in clinical skills simulation rooms with actor patients, offering mock OSCE exams, and a number of student-administered free practice rooms that are adequately equipped.

15

Objective Structured Practical Examination (OSPE)

and mock licensing exams are offered by **KSU/BSMU** at the AMA Medical Campus (OSPE assesses practical skills, knowledge, and/or interpretation of data in non-clinical settings; as a result, it helps candidates to pass the licensing exams after graduation).

16

Optional USMLE PREP COURSES

training from **US professors** during the 4th & 6th year`s program.

17

Work in any country in the world

AMA medical graduates (with Polish medical license) can **work in Poland, EU countries, the USA, the UK, Australia, India, and any country in the world** because KSU/BSMU medical degrees are accepted around the world.

AMA Medical Campuses Students` Advantages:

18

Best Value Education

Participating candidates get the **best value education**; compared to any current medical education in any of the former CIS countries, because our graduates **can take Polish medical licenses and practice in EU territories**. AMA medical campuses offer the best medical education & multi-country medical training opportunities to our International students, in a cost-effective manner.

19

Our campuses

are situated in the most picturesque, **clean, and safe places in Poland**. The dormitories are conveniently located near the educational buildings, with well-developed public transportation in the region. **The Czeszochowa facility**, AMA Medical Campus in Poland is next to the renowned Jasna Góra Monastery. Meanwhile, the AMA Medical Campuses in Ukraine are located in safe places **near the borders of Poland, and Romania**, in a clean and modern environment.

20

Dormitories available for students, male and female hostel facilities

are separate and Indian food is also available, candidates **can choose individual or shared accommodation** as per his/her choice. Sports complex, separate shower in every room is also available.

AMA Medical Campus Students` Advantages:

21

Caring about your future career

AMA Medical campus is not only your **alma mater** for a strong **educational and networking base** in your professional career. All our experience is about the deep knowledge of how to make your path easier, more comfortable, and enjoyable. Our **Study Tour program to the USA** will help students enhance their skills and explore corporate culture, visit hospitals, and adopt experiences. In AMA we care about your future.
